SUMMARY

Principal Software Engineer and ML/AI Technician with 25+ years of experience spanning AI/ML system design, cybersecurity, cloud infrastructure, and full-stack software engineering. Currently architecting machine learning systems for an AI startup, with a career-long track record delivering secure, production-grade software across defense, manufacturing, cloud operations, and information security. Holds active security and cloud certifications; CISSP in progress.

EXPERIENCE

Ronin 48	2026 - Present
<i>Principal Software Architect</i>	<i>Remote</i>

- Designing overall system architecture for an AI startup; defining technical standards, guiding technology selection, and ensuring scalable, production-ready software design across the platform.

Ronin 48	2026 - Present
<i>Machine Learning Specialist</i>	<i>Remote</i>

- Implementing and operationalizing machine learning pipelines; guiding model selection and deployment strategy, and integrating ML capabilities into production systems.

Black Hills Information Security / Active Countermeasures	Mar 2024 - Nov 2024
<i>Senior Developer</i>	<i>Remote</i>

- Upgraded Windows Service from dotNET Framework 4.x to dotNet 8, refactored code to be testable and created unit tests. Built Windows ports of Unix software. Wrote documentation and tutorials for blog posts and webcasts.

CrowdStrike	2022 - 2024
<i>Senior Technical Support Engineer</i>	<i>Remote</i>

- SME for SaaS and on-prem LogScale(Humio), Kafka, and log shippers. Created sandbox infrastructure using terraform and k8s. Wrote automation and tooling in bash and Python.

CloudHesive, LLC	2021 - 2022
<i>Cloud Operations Supervisor</i>	<i>Remote</i>

- Built a team of highly technical, customer-service & security oriented problem solvers.

CloudHesive, LLC	2021
<i>Cloud Support Engineer II</i>	<i>Remote</i>

- Supported more than 2000 customer systems on AWS, Azure, and VMWare Infrastructures. Used Datadog, SumoLogic, and NewRelic to monitor customer systems and networks. Managed backup and recovery processes. Technologies included CloudFormation, CloudWatch, EC2, EFS, ELB, IAM, RDS, S3, VPC, and Workspaces.

Tmutla, Inc.	2021
<i>Cybersecurity Consultant</i>	<i>Grand Island, Nebraska</i>

- Performed Web Application Penetration tests and wrote customer reports.

Reinke Manufacturing Company, Inc.

2015 - 2021

*Senior Software Developer**Remote*

- Led application development of middleware connecting an AS/400-based ERP system and a WinForms sales application. Built the authentication/authorization system using ASP.NET MVC 4. Stood up and maintained Azure infrastructure. Evaluated 3rd-party SAST tools and made recommendations for their implementation.

Alpine Testing Solutions, Inc.

2014 - 2015

*Software Developer**Remote*

- Monitored and mitigated data import errors; created T-SQL queries for data imports and exports; wrote XML for manual data imports.

Orthman Manufacturing, Inc.

2012 - 2014

*IT Specialist II**Lexington, Nebraska*

- Led virtualization project to migrate physical Windows Machines to virtual hosts. Created .NET Applications for internal use.

Intellicom Computer Consulting, Inc.

2009 - 2012

*Senior Engineering Technician**Kearney, Nebraska*

- Installed and maintained Active Directory, File, and Exchange servers.

United States Marine Corps

2003 - 2008

*Information Specialist**Washington, District of Columbia*

- Helped PC Users on USMC Network. Graduate of USMC Information Assurance Manager Course.

Rackspace

2003

*Linux Systems Administrator**San Antonio, Texas*

- Provided fanatical customer support to Linux Server owners.

Cimarron Software Services

2001 - 2002

*Systems Analyst**Houston, Texas*

- Supported heterogeneous multi-platform network across NASA's Johnson Space Center. Swapped backup tapes, reset passwords, recycled print queues.

MegaHaus

1998

*Help Desk Technician**Dickinson, Texas*

- Created RMAs for customers; tested returned optical drives, hard drives, and multimedia peripherals.

TECHNICAL STRENGTHS

AI/ML	LangChain, Hugging Face, OpenAI API, Ollama, ML Studio, Claude Code, RAG pipelines, prompt engineering
Cloud	AWS (EC2, S3, RDS, IAM, VPC, ELB, EFS, CloudFormation, CloudWatch), Azure
Tools	Burp Suite, Postman, Wireshark, NMap, LogScale (Humio), Kafka, Docker, Kubernetes
Languages	Python, C#, VB.NET, T-SQL, JavaScript, PowerShell, Bash
Certifications	CISSP (In Progress), SSCP, AWS SAA, AWS CCP, A+, Network+, MCSA: Windows Server 2008, MCP, MCITP: Server Administrator, MTA: Software Development Fundamentals, MS: Programming in C#, CCNA (expired 2004)
Memberships	OWASP, ACM, DC402, RITSEC, SPARSA.ORG, OperationCode

EDUCATION

Eastern University MS, Data Analytics (In Progress)	2026 – Present
Rochester Institute of Technology MicroMaster's in Cybersecurity	
Colorado State University Graduate Certificate, IT Project Management	
Kennesaw State University Graduate Certificate, Computer Science	
University of Maryland University College Bachelor of Science, Computer and Information Science	
University of Maryland University College Undergraduate Certificate, Unix System Administration	

VOLUNTEER EXPERIENCE

Minden Volunteer Fire Department <i>Probationary Member / EMT-B</i>	Dec 2024 - Present <i>Minden, Nebraska</i>
· Serve as probationary firefighter and Emergency Medical Technician.	
Women in CyberSecurity (WiCyS) <i>Student Mentor</i>	Mar 2021 - Mar 2024 <i>Remote</i>
· Mentored students pursuing careers in cybersecurity.	
Harvard University <i>Teaching Assistant</i>	Spring 2022 <i>Remote</i>
· Teaching assistant for the Online Computing Mini Course.	
Army National Guard <i>OPFOR Lead</i>	Jul 2021 <i>Remote</i>
· Red Team (OPFOR) Team Leader for Cybershield 2021.
